

6250 Shiloh Road
Alpharetta, GA 30005
Office: 800-393-6118
Main Fax: 866-879-5370

Southern Neuro provides the highest level of accurate Intraoperative Neurophysiologic Monitoring. Our goal is to meet the needs of each hospital and its physicians and patients in the safest and most cost effective manner possible.

Koren Mitchell heads our scheduling department and ensures that staff is available to cover each case scheduled with our office. Our office is staffed from 6 AM until 6 PM EST and we always have a clinician on call after hours to assist you. For the smoothest coverage, please schedule monitoring as soon as cases are scheduled with the hospital.

**To schedule a case or make changes in a previously scheduled case,
please call 800-393-6118.**

Or you may fax changes to a previously scheduled case at:

FAX: 866-879-5370

Email: schedule@neuromatrix.com
